Virtual Birthday Party Themes

Please choose the party theme that would best suit your child and their party guests!

**Amazing Artist**
As Picasso said, “every child is an artist”, but it may feel tough to keep your little artist going when they are stuck in the house! By the end of this party, each guest will not only have new masterpieces of their own, they will also have a better understanding of how they can make art at anytime, anywhere and using everyday items at home!

**Creative Constructor**
Do the blocks you have around the house seem boring? Builders and inventors need new ideas – which we can help with! By the end of this party, guests will not only have had fun building with everyday items, they will also have new inspiration for incorporating building into everyday moments with items at home!

**Marvelous Musician**
For many of us, music is therapy! However, we’re sure ‘that’ song has been played over and over again one too many times! Budding musicians need ways to express themselves through song, dance and making their own tunes. By the end of this party, guests will have had a ton of fun musical experiences, and a tool kit for building musical moments into everyday life.

**Fantastic Forester**
The outdoors is a wonderful place to burn off energy, however we’re sure that your backyard is may not be as exciting as it once was. This party helps junior naturalists discover wonder in a patch of dirt and investigate how nature may be found indoors! By the end of this party, your guests will be full of new ideas for bringing nature into everyday life, and maybe even spot some fairies or trolls along the way!
